PROOF OF INSURANCE FORM

South America Snow Sessions requires that each participant carry a medical insurance which covers them for the duration of their stay in Argentina. If your health insurance plan covers international travel then you may be covered by your current carrier while at SASS. If your carrier does not offer international coverage you will have to purchase travel insurance. Travel insurance is inexpensive and will cover you in most situations. It is the participant's responsibility (or the responsibility of their parents) to ensure that the participant has coverage at SASS in Argentina. For more info on travel insurance please contact us at 203 458 1632 or email info@sasnowsessions.com
