We also try to discourage campers from bringing electronic devices and laptop computers. The Revolution Field Hockey Camp is not responsible for the theft or loss of personal items.

Goggles

Revolution Field Hockey operates under the International Field Hockey Federation rules which states players are permitted/ not required to wear a smooth preferably transparent or white but otherwise dark plain colored face mask which fits flush with the face, soft protective head covering, or eye protection in the form of plastic goggles. The rule is provided above so that you see what is currently in place (and, it seems flexible enough to leave the decision in the players'/parents' hands regarding goggles at camp). Please have a discussion with your child before camp.

Cancellation Policy: Any Camper who must cancel their registration more than fifteen (15) days prior to the camp start date will receive a voucher equal to the full amount of camp tuition already paid which may be used toward any program or camp offered by eCamps. If a camper must cancel their registration fourteen (14) days or fewer prior to the start of camp, eCamps will issue camper or parent a voucher equal to 50% of the camp tuition, which can be transferred to a future program or camp within the same calendar year or next calendar year. The voucher is also transferable to another family member and is good for any camp offered by eCamps within one year of the date of purchase. Camp vouchers are not extended to campers who leave camp after the start of a session. **Cash refunds are not offered under any circumstances.**

If eCamps Sports Network is forced to postpone your child's 2020 summer camp due to the facility being closed or by government mandate, you will receive a camp credit voucher for tuition fees paid (never expires, fully transferable & for any sport).

Cell Phone Policy

In order to provide the ideal camper experience, we believe in limiting the use of cell phones and other electronic devices while at camp. Use of phones is not permitted during the instructional blocks of camp, including on-field and classroom sessions. We feel this will minimize distractions to the learning environment, help maintain an inclusive atmosphere and alleviate potential problems that can detract from the overall experience for everyone. Phone use will be allowed during in the mornings prior to morning session, at lunch, and for overnight camps before and after the evening session. We will still encourage players to minimize their time on devices in order to interact and engage with other campers, but understand they might want the chance to call home, text friends, etc

Important Information Regarding the Administration of Medication

In accordance with the Department of Public Health of the State of Connecticut, eCamps Inc. has written policy regarding the administration of medication. Our summer programs limit medication usage to camper self administration (of a school age). Our program will keep the proper documentation on file. If your child brings to camp an Epi-Pen, inhaler or other prescribed oral or topical medication, or a non-prescribed (over-the-counter) oral or topical medication that may need to be provided, camper must be able to self-administer.

Please complete and return the following forms:

Health Record and Release Form

Be sure to read the Administration of Medication Policy below.

Administration of Medication Policy

eCamps Summer Programs will keep on file the following information:

Prescribed inhalers, Epi-Pens or other medications with parents' consent and a doctor's signature.

Non-prescription oral medications with parent's consent and a doctor's signature

A separate authorization form is needed for each individual medication brought to camp, and each requires both a parent's and a doctor's signature.

Parents Responsibilities

It is the parent's responsibility to inform program staff upon registration that their child has a prescribed inhaler, epi-pen, or other medication. The medication must be maintained privately in the child's bag so as to be inaccessible to other children. Medication forms are required to be signed by parent and physician before the program starts.

Form must include:

The child's name, address, and birth date

The medication name

The prescribed dose

The method of which it will be self-administered (oral, topical, Epi-pen, etc)

The time to be self-administered

Medications must be in their original container and clearly labeled.

Staff Responsibilities

Medication will be self-administered by camper, but under close supervision by a staff member. Parents shall be notified of any administration errors by telephone. The error will be documented in the child's camp record.

Staff will keep accurate documentation of all medications administered by completing the proper paper work, which will be kept in the program director's files. Individual administration records shall include:

The date the medication was administered.

The time it was administered

The dose that was administered

Any comments

If you have any questions about the administration of medication during camp, please contact the Program Directors.
